

Terracycle

Terracycle is a program that collects our old trash and recycles it by turning it into new things such as purses, backpacks, tack-boards, etc. This year we will be participating in this program by collecting the trash listed below. For every piece of garbage we collect, Terracycle will give us \$0.02, which will really add up. Twenty five percent of our profits will go to S.O.S. and the other 75% will go towards helping the school.

In the cafeteria, there will be three bins - one for each lunch period - and you can put the specified trash into the bins. At the end of the month, the trash will be collected and counted. The lunch period that earns the most money will receive a reward.

The following items will be collected for Terracycle:

Capri Sun/Honest Kids Juice Pouches
Lays, Frito, Doritos, Cheetos
Mars Candy Wrappers: (Skittles, Starburst, M&M's, Snickers, Twix)
Lunchables Lunch Kits
Elmer's Glue Sticks and Bottles
Nabisco Cookie Wrappers: (Oreo, Chips Ahoy, Etc.)
Huggies Plastic Diaper Packages
Scotch Tape Dispensers
Papermate/Sharpie Writing Instruments

Visit terracycle.net for more information.

Sincerely,
Student Council
