St. Patrick Catholic School admits students of any race, color and national or ethnic origin.

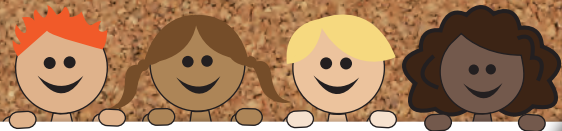

**ST. PATRICK**  
PRESCHOOL  
**Our Program**

St. Patrick Catholic School's Preschool Program provides a safe and nurturing environment that promotes the spiritual, cognitive, social, physical and emotional development of young children. Preschoolers receive a balance of structured learning and free play. They are introduced to faith, values and Catholic Observances. The program will begin to build a firm foundation that will make learning fluent, and help young children develop productive friendships, self-esteem and respect for themselves and others throughout their grade school years at St. Patrick Catholic School.

## Preschool Program Goals

During their time at St. Patrick School the students will:

- Learn about the Catholic Faith
- Develop and expand language & math abilities
- Explore our STEM Lab and see how things work
- Have cooperative play experiences
- Engage in creative art experiences
- Learn to share & meet new friends

St. Patrick is proud to be partnering with Northwestern Hospital. We are the pilot school for the **CATCH Program for Health** and we are the honored recipient of the **2015-2020 Best of the Fox Award** and **2014 ILASCD Whole Child Award for Health**.
